授業の概要	The main purpose of this course is to develop the formal and informal communication skills expected in a quickly globalizing society. The course is designed to stimulate students' curiosity while developing critical thinking skills using themes and content from all over the world. Class meetings build listening and speaking skills via individual and group presentations while building organization, preparation, and delivery techniques.														
具体的な到達目標								DP等の対応(別表参照)	1	2	3	4	5	6	7
目標1	Listen for and consider key information from formal and informal conversations														
目標2	Be more confident communicating in English through group discussions														
目標3	Demonstrate flexible communication skills needed in a global society														
目標4	Build broad global knowledge from authentic content														
目標5	Exercise critical thinking skills as life-long learners

授業の内容															
1	Week 1: Orientation & Introduction to the class														
2	Week 2: Unit 1A Healthy Lives														
3	Week 3: Unit 1B Healthy Lives														
4	Week 4: Unit 2A Technology Today and Tomorrow														
5	Week 5: Unit 2B Technology Today and Tomorrow														
6	Week 6: Unit 3A Culture and Tradition														
7	Week 7: Unit 3B Culture and Tradition														
8	Mid-term presentation prep. (PPT)														
9	Mid-term presentation														
10	Week 10: Unit 4A A Thirsty World														
11	Week 11: Unit 4B A Thirsty World														
12	Week 12: Unit 5A Inside The Brain														
13	Week13: Unit 5B Inside The Brain														
14	Week 14: Final presentation prep. & rehearsal														
15	Week 15: Final presentation														
ラーニング目標	A:知識の定着・確認		Classroom activities including group discussions and presentations will help students build confidence in English communication. The authentic contents will help them build broad global knowledge to become a life-long learner.				工夫その他の	Students will complete previewing of each unit BEFORE attending class. In class, they will mainly practice speaking and listening skills using the vocabulary, grammar, and thematic knowledge from their homework.							
	B:意見の表現・交換														
	C:応用志向														
	D:知識の活用・創造														
授業時間外学修の内容と想定時間	準備学修		Students must complete previewing of each unit BEFORE attending class (2 hours before each class time period).												
	事後学修		Students should take notes during the class and organize what they have learned after each class period (1 hour).												
	想定時間合計		45												
教科書		Pathways2: Listening, Speaking, and Critical Thinking. 2nd Edition. (ISBN-13: 978-1-337-40772-4)													
参考書		Additional materials are provided on the class Noodle site. Students should check regularly.
